Oslo kommune og Universitetet i Oslo

Rektor Svein Stølen og byrådsleder Raymond Johansen har minst et ting til felles: De vil opprettholde Oslo som kunnskapsby nummer en i Norge, selv om de kjenner pust i nakken både fra Trondheim og Bergen.

Four areas:

- University schools
- Innovation
- Internationalisation
- Campus development

Oslo Peace Days

The City of Oslo, the Nobel Peace Center, the Norwegian Nobel Institute, the Peace Research Institute Oslo (PRIO) and the University of Oslo work with peace and human rights issues in various ways. Together we have established Oslo Peace Days to show Oslo's credentials as an international city of peace, and to create an arena where people can learn about and discuss issues related to peace, democracy, and human rights.

Seminar with Seyran Ates, winner of UiO's Human Rights Award 2019
