Our first year – the Brussels experience for UMFCD:

- Increased number of project proposals
- Increased collaborations - New Consortiums
- Increased visibility
- Increasing connectivity with European institutions

Role of the UMFCD office Representative :

Fully dedicated to promoting university excellence and establishing partnerships with related organisations: universities, Brussels-based national and regional research and development liaison offices, scientific networks and other EU entities.

Organises activities of interest to the University.

Establishes contacts with new consortia for participation in European and international projects.

Contributes, through its activity, to the increase of European projects of UMFCD.

**Our main gateway:
UnLiON**

The background of the slide is a photograph of the University of Medicine and Pharmacy 'Carol Davila' in Bucharest, Romania. The building is a grand, classical-style structure with a prominent portico supported by several columns. In the foreground, there is a decorative stone pillar and a black wrought-iron fence. The sky is overcast with grey clouds. In the top right corner, there is a circular logo of the university.
